NOT ONE ON STEAMER

Larchmont Disaster One of Worst
In Marine Mishaps.

CORPSES ICE ENCASED

Loss of Life May Run Up to One
Hundred and Fifty as Result
of the Fearful Accident
in a Sound.

New York, Feb. 13.—Late Thursday night the officers of the Joy line had received a detailed statement from Captain Gray of the steamer Kentucky, which left Fall River, Mass., at 11 o'clock Tuesday morning for the scene of the wreck of the Larchmont.

The Kentucky crew, upon their arrival near the point where the Larchmont is lying, about five miles west of Watch Hill, R. I., put out in small boats and made an inspection of the wrecked vessel. No one was found aboard, and Captain Gray said that there was about five feet of water in the staterooms in the hurricane deck. The sea, the captain said, was breaking over her, and she would undoubtedly be a complete wreck.

The Kentucky then started for Block Island and anchored of the beach, where the survivors landed in small boats and were rowed ashore.

As he neared the shore, the captain said he saw huge blocks of ice, and wondered at first what they could be. As he neared the beach, he said he discovered that the blocks of ice covered human bodies.

"It was the most horrible sight I ever saw," the captain said. "There were thirty bodies strewn along the beach, and all of them were encased in ice. The ice was several inches thick."

After making examinations of the bodies Captain Gray went to the rowboats. In the bottoms of the boats he found twelve bodies, and several were of women.

These, the captain said, had been frozen to death in the boat while drifting about in the sound.

Captain Gray then hurried to the lighthouse, about half a mile away, where he found the nineteen who had been saved.

They had been carried from the beach by farmers and those employed in the lighthouse. The names of those who were saved, the captain said, he was unable to get because of their precarious condition.

Captain Gray directed his crew and the farmers to carry the bodies from the beach and those which were in the boats to the lighthouse, where they were placed outside.

Captain Gray said that Captain McVey of the ill-fated vessel was in a serious condition. The other survivors are all in a precarious state.

The steamship officials estimate that about 150 passengers and a crew of forty were on board when she left Providence. Forty-eight bodies reached the shore Tuesday, and nineteen were alive when taken from the lifeboats. Taking the estimated figures of the steamship officials and the known list of the missing as a basis, there are still many people to be accounted for. The only positive evidence of the steamer's victims is lying at the bottom of Block Island sound. The list of passengers and crew, handed to the purser just before the steamer left Providence, was locked in a safe, and it was not recovered.

The schooner Harry Knowlton, which ran into the Larchmont, was not seriously damaged.

LINCOLN LAUDED.

Louisiana Executive Addresses Sangamon Club at Springfield.

Springfield, Ill., Feb. 13.—Tuesday being Lincoln's birthday and a legal holiday, the banks, schools and most of the public offices in the city were closed.

The principal celebration of the day was the annual banquet of the Sangamon club. Governor Blanchard of Louisiana was the principal guest, and spoke of "The South's Present Estimation of Lincoln." He said in part:

"I come to mingle with your own my tribute of admiration to him, and voice what I conceive to be the south's estimate of Abraham Lincoln, his life, character and achievements."

"That estimate is so high that we of the south join with you of the north in placing him with Washington—at the forefront of the illustrious men whose lives and careers adorn the pages of American history."

"And right here, sir, my congratulations are due and are heartily tendered to this Illinois audience that their great state enjoys the proud privilege of having given to the nation, to humanity, to the world, such a man—one of those rare species which have a few times only appeared in human history. In this case, as in that of other such men, the discovery came slowly, but it came. He was dead before the north or the world understood him. Such is the irony of fate."

"The memory of this great and loving heart, of his forbearance, of his gentleness, his patience, his firm faith, of his freedom from passion, from envy, malice and malice, in the trying time of his exercise of great power, is the priceless heritage of a united land."

In Honor of Lincoln.

Guthrie, Feb. 13.—The constitutional convention held memorial exercises in honor of Abraham Lincoln. The feature was an address by Colonel R. L. Williams, the son of an ex-Confederate.

HOLDING ON TO LANDS

President Recommends This Action
In a Message.

SUGGESTION IS MADE

That the Government Retain Title
to Western Properties Contain-
ing Coal and Other Neces-
sary Fuel.

Washington, Feb. 13.—The president sent to both houses of congress Wednesday a long message calling attention to what he terms the urgent need of legislation affecting the different phases of the public land situation in the United States. He advocates the conservation of coal and other fuel resources on lands still belonging to the government, saying that henceforth the nation should retain its titles to fuel resources. He urges that the government control the western public land pastures with a system of small grazing fees, etc., and asks for an appropriation of \$500,000, immediately available, in addition to present estimates, to aid in detecting and preventing land frauds. He contends for a system of the government leasing its mineral lands and for treating the fuel lands as public utilities. The president points out that it would have been better if some of the eastern coal lands had been left under government control and suggests this provision in the west: "Against the recurrence of conditions we deplore in the east." Citing 2,300 cases of public land entries in four districts mentioned, the president says noncompliance with the law we found in over half of them and deliberate fraud in many cases.

JUROR'S WIFE ILL.

In Consequence, There Was No Ses-
sion on Wednesday Morning.

New York, Feb. 13.—Owing to the illness of the wife of Juror Bolton, who is threatened with pneumonia, Mr. Bolton was granted permission to visit his home in the Bronx in company with two court officers. In consequence, no morning session of court was held in the Thaw case Wednesday.

Thaw was not brought into court. He remained in the prisoner's pen, where he had a long chat with his wife.

"COKE TRUST."

Trustees of Thaw Fund Have Filed
Account to Be Audited.

Pittsburg, Feb. 13.—Benjamin Thaw, Alexander Blair Thaw and T. Chalmers Darsie, trustees of a certain fund established under the will of the late William Thaw, have filed their account for audit in the orphans' court showing that Harry Kendall Thaw will receive \$12,650.08 as his share from that portion of his father's estate embracing what is known as the "coke trust" for the period between July 19 and Nov. 1 last year. Alice Thaw (Countess of Yarmouth) and the other seven children of William Thaw will receive a like amount from this source. The nephews will receive half that amount.

The "coke trust" includes all coke and coal properties owned by the late William Thaw in the Connellsville coke region. Most of the properties have been leased on royalties and bring large receipts yearly.

HALF MILLION DOLLARS.

Shortage of Bank May Run Up to
Those Figures.

New Britain, Conn., Feb. 13.—It was ascertained Wednesday that the shortage at the Savings Bank of New Britain, through the alleged speculations of the missing treasurer, William F. Walker, may amount to \$500,000.

The run on the bank, which started Monday, continued Wednesday, the corridors of the bank being filled with men and women when the doors were thrown open at 9 o'clock. The majority of those withdrawing their savings were foreigners.

There was considerable disorder around the bank and an extra force of policemen was sent to check it. About \$170,000 had been withdrawn up to noon Wednesday.

At 11:30 o'clock Wednesday the Savings Bank of New Britain stopped payment of money to depositors. Acting Treasurer Oldershaw made the statement that to protect the interests of the bank it was necessary to stop payments and invoke the ninety days' clause which closes the bank without notice for that period of time.

PREY OF FLAMES.

Pattern and Boiler Shops and Four
Dwellings Destroyed.

Philadelphia, Feb. 13.—The pattern and boiler shops at the Cramps shipyards, together with four small dwellings adjoining the plant, were destroyed by fire Wednesday. The flames started in the pattern shop and spread so rapidly that the occupants of the dwellings barely had time to escape. Several firemen were injured by flying debris.

Numerous Immigrants Arrive.

Galveston, Feb. 13.—The North German Lloyd steamer Hanover arrived Wednesday with 365 passengers, most of whom are immigrants.

THE MORNING EAGLE

Entered at the Postoffice in Bryan, Texas
as second-class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, FEB. 14, 1907.

The Eagle seconds the motion to cut out from publication such testimony as much that has been appearing in the Thaw case. The Associated Press can devote its energies to better purposes.

Now then while the city sleeps overnight, let some one "rub the lamp," as the Wish Twins say in the funny papers, and provide the means for giving Bryan an abundant water supply and sewerage system.

The Eagle would not object to an anti-pass law that would make a ticket as good for a ride as a two cent stamp is to carry a letter, and just as necessary and exceptionless. With such an anti-pass law we would like to see railroad fare reduced to two cents.

Success with the camphor tree is reported from Wharton, Texas, where the U. S. Department of Agriculture has established a camphor tree farm. Dr. Watkins is in charge of this work and he has recently visited points in East Texas for the purpose of contracting with farmers to plant camphor trees in co-operation with the government.

"We believe in a clean kitchen, a neat wife in it, a spinning wheel, a clean conscience.

"We firmly disbelieve in farmers that will not improve; in farms that grow poorer every year; in starving cattle; in farmers' boys turning into clerks and merchants; in farmers' ashamed of their vocation, or who drink whiskey until honest people are ashamed of them."

And in all the years that have passed no creed that is better has been found. We are drawing nearer every day to the realization of that creed.—Southwestern Farmer.

MOTOR CARS FOR BRANCH LINES.

Bryan people being interested in trolley and motor car lines owing to the desire for a line of some sort from Bryan to College, the following special from Omaha, Neb., which appeared some time ago in the St. Louis Globe-Democrat, will doubtless be found interesting:

The day of the gasoline motor trains has come on the Union Pacific railroad, and tomorrow passenger trains on five branch roads will be discontinued and their places taken by the new McKeen motors. Other branches will be equipped just as fast as the motors can be constructed. From Beatrice to Lincoln, forty-nine miles, the new motor No. 8 will be installed Sunday. This is the fastest car built so far, and will make the run, making all stops, in one hour and a half. Two trips each way will be made instead of one passenger train daily, as at present. St. Paul, Neb., to Loup City, thirty miles, is another branch to be equipped with a new motor car. From Kearney to Calaway, Neb., thirty-nine miles, and from Leavenworth to Lawrence, Kan., about thirty miles, a new car will run. The last car will run between Denver and Cheyenne, Wyo., 100 miles. This car will make two round trips daily, covering 400 miles in so doing. Several motor trains are being operated in eastern Nebraska as milk trains at present.

BARACA CLASS CALL.

IS AT NEW YORK.

Johnson Telegraphs Pierce Has Business Engagement There.

Austin, Feb. 13.—Chairman O'Neal of the Bailey investigating committees received the following telegram Tuesday night from Attorney J. D. Johnson:

"Your telegram of today received. Mr. Pierce has not said definitely whether he will be here Friday, but I am satisfied from a telegram received from him Monday that because of important railroad matters requiring his immediate personal attention in New York it will be impossible for him to get her next week. The other witness and books will start for Austin tomorrow morning, to arrive Thursday evening. I will endeavor to arrange for Mr. Pierce to meet the subcommittee here at a later date, which will suit the convenience of both."

Mr. O'Neal laid the telegram before the committees Wednesday morning. Jenkins objected to delaying the trip to St. Louis and insisted the Gruets should be here to examine the books when they come.

Judge Robertson moved that a telegram be sent to Johnson asking definitely if Pierce could be at St. Louis Friday.

Senator said that it was perfectly plain that Pierce and Johnson were "dawdling" with the investigating committees, and he wanted to go on record as opposing such a condition of affairs. He favored going to St. Louis at the specified time and telling Pierce he could meet the subcommittee at that time. If Pierce failed to appear Senator was in favor of taking steps to make him treat the committees courteously.

Jenkins said that Johnson had either intentionally or unintentionally misled the committees.

Skinner said if it was not convenient to get Pierce's testimony to let the subcommittee go on to New York and get it there.

By direction of the committee Mr. O'Neal sent a telegram to J. D. Johnson, the text of which is as follows:

"Must we understand from your telegram that Pierce will not be in St. Louis on the 15th? If so, arrange at once a definite date when Pierce will certainly meet the subcommittee in St. Louis. If he does not intend to meet the subcommittee, say so. Answer immediately. Have wired Pierce."

McGregor was in favor of finding out definitely from Johnson and quit fooling with him. "I think Johnson is playing horse with this committee," said McGregor, "and I am tired of it. I do not want to be lulled into a sense of security by Johnson. He knows whether Pierce will be in St. Louis or not and he should say so. I do not want this committee to be put in the attitude of having Pierce go to St. Louis and then not have the committee to meet him. I have no confidence in Johnson."

Robertson prepared a telegram to Johnson and Pierce demanding that they say definitely whether Pierce will be in St. Louis on Feb. 15; if not, to say so promptly. The telegram was ordered sent.

On motion it was definitely decided that the Gruets should be recalled. A telegram was prepared by Senator Senter addressed to Pierce in New York, which said: "Our committee desires to take your testimony in accordance with the understanding here before agreed upon. It will be in St. Louis on Feb. 15 for that purpose unless you advise us that you will not be there at that time. Please name positively a date and place when you will meet the committee."

Senator Hanger denied that he had promised to have the Waters-Pierce witnesses here on Monday and denied that he had sought to trifle with the committee. Hanger said Bailey's friends had subjected themselves to criticisms for attempting to keep the Gruets in Austin, but had excused them upon the request of Judge Robertson.

Jones stated that there was no disposition on the part of Mr. Bailey's attorneys and Mr. Bailey to trifle with the committee. He said he had tried to get the Waters-Pierce books and witnesses here Monday. He said it had always been a string tied to Pierce's promise to testify on Feb. 15.

Mr. Cocke rose to a question of personal privilege and stated that Bailey had not called him a liar Tuesday, but that he stated the evidence of Cocke was expected to prove a lie. Hanger conceded this distinction.

Mr. Cocke had received a petition from twenty-eight voters of Mount Calm, Tex., endorsing his position and condemning the action of Bailey and certain members of the committee. The petitioners requested it to be read before the committee.

Adjournment was then taken by the committees until Friday morning. Senator Bailey was not present at the Wednesday morning proceedings and he kept to his apartments in the Driskill hotel.

PLAYED SOLDIER.

Donned Uniform, Showed Himself to "Fairies" and Was Fined.

Fort Worth, Feb. 13.—Dreams of "playing soldier" were acted into real life here Tuesday night by a young man from another city, who strolled into the local recruiting station, found none about, donned a non-commissioned officer's uniform and saluted forth to show himself to the admiring gaze of "fairies" on lower Main street, near the union passenger station. He awoke on Wednesday morning at the police station somewhat the worse for wear and with a headache that "would not come off." He was fined \$1 and costs for intoxication.

GREETING

To our Customers:

The year 1906 has passed into history. It goes on record as
one of the most successful years in the history of this section.

Our sales have been very satisfactory. We have striven
hard in every possible way to attain this result; but much credit
is due our many customers, whose regular and ever increasing
patronage helped to swell the grand total.

Whether your contribution in the way of purchases was
large or small, we extend our sincere and heartfelt thanks, and
we assure you our relations have been very pleasant to us be-
yond the mere transaction of business.

We shall continue an aggressive campaign for your business,
seeking to win it by deserving it and serving you to the very
best of our ability, in every respect.

Wishing you, one and all, a happy and prosperous year,

BRYCE DEPARTS.

Great Britain's new Ambassador to
United States Leaves Liverpool.
London, Feb. 13.—A great crowd of
personal and political friends gathered
at Euston railroad station Wednesday
to bid farewell to James Bryce, am-
bassador of Great Britain to the United
States. Mr. and Mrs. Bryce proceeded
to Liverpool in a car attached to the
regular steamer train. At Liverpool

JAMES BRYCE.

they boarded the White Star steamer
Oceanica and sailed for New York.

The sendoff which the new am-
bassador received here was one of enthu-
siasm. Among those present were the
Earl of Crewe, lord president of the
council; Herbert Gladstone, secretary
of state for home affairs; Lord Fitz-
maurice, under secretary for foreign
affairs; Lewis Harcourt, first commis-
sioner of public works, and Mrs. Har-
court, and Lord Strathcona, high com-
missioner for Canada.

JUDICIARY COMMISSION.

Senator Senter Introduces a Measure
Providing For Its Creation.

Austin, Feb. 13.—Senator Senter has
introduced a bill in the senate to cre-
ate a judiciary commission composed
of three lawyers—one to be named by
the governor, one by the supreme court
and one by the court of criminal ap-
peals. The purpose is to improve court
procedure. There are six or seven
purposes embodied in the bill, among
which are: To reduce the number of
courts, to simplify procedure, reduce
cost of litigation, simplify pleadings,
to secure speedy trials and more cer-
tainly enforce the administration of
justice.

The house committee on state af-
fairs reported favorably on San Ja-
cinto battlefield bill to purchase the
fourteen acres along the water front
under condemnation proceedings.

The same committee reported fa-
vorably a bill to suppress the theat-
rical trust in Texas; also a bill to pro-
hibit public officials from representing
public service corporations; also a bill
prohibiting the use of formaldehyde in
preserving. This is Cobb's pure food
bill. Also favorably a bill changing
fees for chartering building and loan
associations.

The house committee on asylums re-
ported favorably on a bill appropriat-
ing \$100,000 to erect a school for fee-
ble-minded children in Texas.

The house committee on military af-
fairs reported favorably on a bill to
increase the salary of assistant adjut-
ant general from \$1,200 to \$1,500 an-
nually.

FEEDERS AND BREEDERS.

Much Space Being Applied For In the
Coming Show.

Fort Worth, Feb. 13.—The secretary
of the National Feeders and Breeders'
show says applications for entries in
all branches of livestock and poultry
are pouring in to such an extent that
he is safe in saying that it will be the
best show ever held west of the Mis-
sissippi river. Practically every branch
of the cattle line is represented, and
more varieties in horses than were
ever got together, besides a surpris-
ing number of hogs and sheep. By no
means the least is the poultry. Sec-
retary Moore of the Fort Worth Poul-
try and Pet Stock show had at the
first of the week sent out 500 letters
to premium winners in Texas, the ter-
ritories, Arkansas and Louisiana, ad-
vising them of rules and conditions.
He states that this show also will ex-
cel anything yet given in Texas. The
management is gratified with the in-
terest manifested by all breeders, and
the many letters which are pouring in
indicate that the people at large are
interested in this show.

RANDELL'S RESOLUTION.

Desires House Informed About Ger-
man Tariff Agreements.

Washington, Feb. 13.—Representa-
tive Randall of Texas Tuesday intro-
duced a resolution requesting the pres-
ident to inform the house of what agree-
ments, if any, had been entered into
between the United States and Ger-
many affecting the tariff or proposi-
tions made by either party as regards
the revenues of this government or its
trade relations with Germany.

Betting and Races Stopped.

Little Rock, Feb. 13.—The house
Tuesday, by a vote of 63 to 6, passed
the bill by Senator Amls to prohibit
betting on horse races, whether run
within or without Arkansas. The bill
was passed last week by the senate,
and now goes to the governor.

Treaty Sent to Senate.

Washington, Feb. 13.—The president
sent to the senate the new treaty with
the republic of Santo Domingo rela-
tive to the revenues of that country.
The new agreement is confined entire-
ly to the matter of the collection of
revenues.

HIGGINS PASSES AWAY.

Former Governor of New York Departs
This Life at Olean.

Olean, N. Y., Feb. 13.—Former Gov.
Frank B. Higgins died Tuesday night.
He remained unconscious to the last.

Mr. Higgins, for years, has been af-
flicted by heart trouble. After he
entered upon his work as governor of
the state Mr. Higgins was warned by
his physicians of a serious organic dif-
ficulty in the heart, but no effort was
relaxed and no duty was left unper-
formed which Mr. Higgins believed es-
sential to the faithful discharge of

Ex-Governor Higgins.

the trust reposed in him by the people,
when the only official duty remained
for him to perform was to assist in the
inauguration of his successor as gov-
ernor. He resisted all efforts to spare
himself, and went to Albany to take
part in the ceremonies. This last act
hastened his death by precipitating
symptoms which might otherwise have
been forestalled.

C. O. D. BILL SIGNED.

Tax of Five Thousand Dollars Is Im-
posed by Measure.

Austin, Feb. 13.—Governor Campbell
has approved the Thompson bill, which
levies an occupation tax of \$5,000 to
the state upon express companies for
each office where they deliver intoxi-
cating liquors on the C. O. D. plan, and
authorizing the counties and towns to
each levy a tax of \$2,500, making a to-
tal tax of \$10,000 in all on each such
office. This act takes effect at once,
so that hereafter any C. O. D. delivery
of liquor in Texas without the payment
of such tax will subject the express
agent and the express company to the
penalties prescribed by the act. The
law applies to all points in the state,
whether local option or not, and it ap-
plies to any person, firm or corpora-
tion which may deliver liquor on the
C. O. D. plan, whether in the express
business or not.

The senate Tuesday discussed the
Looney anti-pass bill.

Senator Terrell offered an amend-
ment to strike out exemptions in favor
of ministers, Young Men's Christian
Association secretaries, inmates of sol-
diers' homes, homes for widows of sol-
diers, inmates of orphanages and man-
agers of such institutions.

Senator Looney offered a substitute,
which provided only for the elimina-
tion of managers of such soldiers' and
orphans' homes. Tabled.

Terrell amendment was adopted. A
motion to reconsider was tabled.

Senators Green and Willacy offered
an amendment providing that the pro-
visions for passes or reduced rates
shall be effective only in so far as
they do not conflict with the constitu-
tion, the intention being to save the
bill if it is in part unconstitutional.

Senator Skinner offered a substitute
having an identical purpose, but couched
in what was deemed better legal
phraseology. It was accepted, and be-
came the original proposition, and was
adopted.

Anti-trust measure was discussed in
the house. Baskin-McGregor liquor
bill was also considered.

ADDRESSED BY LEE.

Confederate Commander Urges Four
Parks and Monuments.

Austin, Feb. 13.—Tuesday night Gen.
Stephen D. Lee, commander of the
United Confederate Veterans, deliv-
ered an address in favor of four great
national parks and monuments therein
attesting to the bravery and honor of
the Confederate dead.

General Lee gave some interesting
statistics regarding the war between
the states. He said that during that
memorable period of four years over
6,000 battles and minor engagements
were fought, over 2,200 of which were
decisive; that 535,000 foreigners, one-
fifth of the northern army, fought in
that army against the south; that the
south lost nearly \$6,000,000,000 worth
of property during the struggle.

The speaker was frequently applaud-
ed, but by none more enthusiastically
by the great number of ex-Confederates
present.

AGREED TO ADOPT.

Burkett Amendment to the Agricultur-
al Bill Favored.

Washington, Feb. 13.—Without con-
tinuing its hearing on the Burkett
amendment to the agricultural ap-
propriation bill providing for the leasing
of public lands for grazing, the senate
committee agreed to adopt the amend-
ment. Several amendments to the
proposition were adopted, however,
designed to protect the interests of the
homesteaders and prevent a restriction
of settlement.

Dentist Kills Himself.

Hemphill, Tex., Feb. 13.—W. M.
Roderick, a dentist, shot himself to
death. Seven children are left.

Minister Sandbagged.

Enid, Okla., Feb. 13.—While on a
visit here Rev. W. F. Kennedy of
Geary was seriously sandbagged.
